Friday morning)

Mrs Sterne was last Night
delivered of a dead Child; She is very
weak & I think wants some comforting
Liquid or other to take of, every 2 or
3 hours. I wish You wd consider of
something proper for her Condition.
with some Advantage in it, if You
think Good. She does not seem
to discharge sufficiently; and is trou-
bled with after Pains.

I am Yrs L. Sterne.
